Easy Twist™ Can Opener

NEW Part #14550 Easy Twist 8-pack

The Easy Twist™ is ergonomically designed to easily open the can in a simple twist without damaging the cap. When closing the can, Easy Twist helps tighten and seal the cap with an extra torque – this prevents solvent cements or primers from drying out and saves you money. **Now available in new, convenient packaging for easy countertop or hanging display.**

Serrated inner edge provides a solid "grip" making can opening and closing easy.

Flat-edge handle is used to open paint-style solvent cement cans.

Made from durable stainless steel. For use on all Weld-On solvent cement and primer cans except wide mouth gallon can.
